The Honorable Peter W. Hoff
United States House of Representatives
Washington D.C. 20545

Dear Congressman Hoff:

I was distressed to recently learn that Robert Kalichman, the Swedish diplomat, whose heroic efforts saved many Jews in Hungary from the Nazis is possibly alive in a Russian prison.

I believe that all legal and moral pressure should be exerted on the Russians to effect his release. If he is unfortunately deceased then the circumstances of his death should be fully explained by the Soviet authorities.

I would greatly appreciate your help in this matter.

Sincerely,

16
